# THE OHIO STATE UNIVERSITY SCARLET COURSE

The Ohio State University Scarlet Golf Course is rated one of the best collegiate facilities in the country by *Golf Digest*. It reopened in the spring of 2006 after undergoing a major renovation by Ohio State alumnus and golf great Jack Nicklaus. The legendary course serves as the home for both the men's and women's varsity golf teams.

Located two miles northwest of the main campus, the par 71 golf course measures 7,455 yards from the championship tees. The course was originally constructed in 1938 by famed architect Dr. Alister McKenzie on 295 acres of wooded, rolling terrain and contains a 9 1/2-acre lake and stream that creates challenging play on several holes. The large contoured greens are surrounded by strategically-placed bunkers that add to the difficulty of this beautiful, yet demanding course.

The Scarlet Course has played host to several professional and amateur tournaments such as U.S. Open Qualifying, the Nationwide Tour's Nationwide

Children's Hospital Invitational, AJGA Rolex Tournament of Champions, Big Ten championships, NCAA regionals and a record 10 men's NCAA national championships. The course also hosts Ohio State's annual Robert Kepler Intercollegiate, won by the Buckeyes 23 times.

Besides the Scarlet Course, the University Golf Club boasts a second course, the Gray Course, a par 70 which plays 6,000 yards. In addition, a pro shop, restaurant, driving range (with a private varsity tee for the men's and women's teams), numerous practice greens including a private short game facility for the varsity programs and the OSU men's and women's golf coaches offices also are located on the grounds.

The Ohio State golf facility has been home to many Buckeyes who have gone on to the PGA tour including Jack Nicklaus, Joey Sindelar, John Cook, Clark Burroughs, Chris Smith, Ted Tryba and Tom Weiskopf.

## SPOTLIGHT ON SCARLET

2008 NCAA Men's Central Regional

U.S. Open Qualifying

Nationwide Tour's Nationwide Children's Hospital Invitational

# THE SCARLET COURSE AT A GLANCE

## HOLE 1, PAR 4, 432 YARDS

The beginning of the three toughest starting holes anywhere in golf. A dogleg right with bunkers guarding the right side of the fairway and green.

## HOLE 2, PAR 4, 475 YARDS

A tough driving hole with woods on the right and two bunkers on the left. A good drive will leave a long iron to right-to-left sloping green.

## HOLE 3, PAR 4, 433 YARDS

A dogleg left requires a well-placed drive to the right side of the fairway. The massive greenside bunker on the left and a deep bunker on the right will challenge the golfer into the green.

## HOLE 4, PAR 5, 578 YARDS

A large fairway bunker on the left must be avoided off the tee. The second shot must avoid the lake down the right and the green is well bunkered. A long drive could enable the golfer to reach the green in two with an aggressive line over the water.

## HOLE 5, PAR 3, 233 YARDS

A strong par 3 guarded by two deep front bunkers. A large green will yield to good shots.

## HOLE 6, PAR 5, 618 YARDS

The longest par 5 doglegs slightly to the right. Two huge bunkers must be avoided off the tee. The second shot must stay clear of a deep fairway bunker on the right. A large green surround by bunkers could lead to a birdie with a good third shot.

## HOLE 7, PAR 4, 401 YARDS

A tough hole with a narrow fairway is guarded by a long, deep bunker down the left of the fairway. A well-guarded bunkered green awaits a short-iron approach.

## HOLE 8, PAR 3, 202 YARDS

A picturesque par 3 over water. A well-bunkered green also will play havoc with the iron shot to the green.

## HOLE 9, PAR 4, 429 YARDS

A straightaway hole with fairway bunkers on the left and right will keep the drives honest. A short to middle iron is required for the approach to the green surrounded by bunkers on the right and left.

## HOLE 10, PAR 4, 449 YARDS

A good driving hole which doglegs slightly to the left. The left side of the fairway is guarded by the "O-S-U" bunkers. A middle to long iron is required to hit the green.

## HOLE 11, PAR 4, 473 YARDS

A strong dogleg left to a plateau fairway. A gully and bunkers on the left, trees and deep rough on the right. An ideal drive will stop in the right center of the fairway. The long iron second is framed by mounds left and a steep banked trap on the right. The green is flat and large.

## HOLE 12, PAR 5, 562 YARDS

A short par 5 with lots of trouble. A creek and an elevated green are problems when trying for the green in two shots. Most players lay up short of the creek on their second shot and hit a wedge to well-bunkered green.

## HOLE 13, PAR 3, 221 YARDS

The most picturesque hole on the course has water in front of the green and well-placed bunkers to catch stray shots.

## HOLE 14, PAR 4, 475 YARDS

The driving area is guarded by a bunker left and a series of mounds on the right. The green is long and narrow and guarded by large bunkers front right and back left of the green.

## HOLE 15, PAR 4, 445 YARDS

A dogleg left with trees and a bunker on the left of the driving area. A middle or long iron is needed to hit the wellbunkered and usually firm green. A par here will usually pick up strokes on the field.

## HOLE 16, PAR 4, 385 YARDS

A 90-degree dogleg left with a water hazard on the left and trees on the right. A demanding tee shot is required. The green is the most severe on the course.

## HOLE 17, PAR 3, 221 YARDS

An uphill tee shot with two bunkers guarding the green and out of bounds to the left. The green is one of the most severe on the course. Players want to be short of the hole to have an uphill putt.

## HOLE 18, PAR 4, 443 YARDS

A dogleg left hole. A classic finishing hole going back into the clubhouse. A long tee shot is required to get around the corner for a clear shot to a well-bunkered green.

# MAKING GREAT PLAYERS ELITE ATHLETES

## SPEED, POWER, STRENGTH

Ohio State student-athletes benefit from a comprehensive and individualized strength and conditioning program designed to ensure the highest possible level of physical readiness.

Anthony Glass, director of athletics strength and conditioning for Olympic sports, and staff provide instruction specific to the individual, both in and out of season, and in collaboration with the Ohio State training and medical staffs.

Glass and his staff challenge the Buckeye contingency even further in the weight room in the areas of leadership, work ethic, attitude and ability with an annual Buckeye Power Club Award. # DONNIE DARR

HEAD COACH | SECOND SEASON | KENT STATE, '96

Donnie Darr became just the 10th head coach in the 89-year history of the Ohio State men's golf program when he was hired in June 2009. In his two years with the Scarlet and Gray, Darr has compiled a 191-108-2 record and has led the team to successful showings at the NCAA Regional and NCAA Championship tournaments.

In his second year at the helm of the Buckeye program, Ohio State reached its first NCAA tournament under Darr and made its 31st appearance overall following a fourth-place finish at the NCAA West Regional. A sixth-place finish in stroke play secured a spot in the match play portion of the championship for the Scarlet and Gray. The Buckeyes fell to host Oklahoma State in the first round, 1-3-1. Ohio State posted a 121-50-0 tournament record on the season and captured first in two tournaments (Marshall Invitational, FAU Spring Break Championship).

Seniors Bo Hoag and Brad Smith capped a successful career following the 2010-11 season as both were named to the PING All-Region Team. Hoag was named First Team All-Big Ten, while Smith earned second team honors. Both joined classmate Michael Cress as Cleveland Golf/GCAA Scholar All-Americans.

During his first season with the Buckeyes, the team gained plenty of experience in a season that brought success to many of the golfers while posting a 70-58-2 tournament record. The Buckeyes posted three runner-up finishes throughout the year, including twice in the final month of competition. Hoag was named to his

second-consecutive PING All-Region Team and he joined teammates Brad Smith and Brad Wright as Cleveland Golf/GCAA Scholar All-Americans.

Darr returned to his home state from national powerhouse Oklahoma State, where he served as assistant coach from 2006-09. While with the Cowboys, the team extended their record of consecutive NCAA Championship appearances while placing fourth in 2008 and advancing to the match play portion of the event in 2009 after leading the field in stroke play.

Each of those seasons, Darr helped Oklahoma State nab the top recruiting classes in the nation. Among them were Rickie Fowler, the 2008 College Player of the Year, Freshman of the Year and a two-time First Team All-America honoree now on the PGA Tour and a member of the United States' 2010 Ryder Cup team. Darr also recruited Morgan Hoffmann, the 2009 Freshman of the Year, First Team All-America selection and the Big 12 Player and Newcomer of the Year.

Prior to Oklahoma State, Darr gained experience as the head coach at the University of Akron in 2005-06. During his season with the Zips, he began to rebuild the program and ended the team's nine-year tournament victory drought.

A 1996 Kent State graduate, Darr began his coaching career at his alma mater. He was the assistant coach for the men's and women's golf teams in 2001-02, and was promoted to associate head coach of both programs from 2002-04. Darr also served as assistant coach at the University of Oklahoma during the 2004-05 season.

A standout golfer with the Golden Flashes, Darr was a four-time First Team All-Mid-American Conference honoree from 1993-96 and was chosen as the MAC Sportsman of the Year in 1996. He earned Third Team All-America honors as a junior and also received the Merle Wagoner Award as a senior, given to Kent State's outstanding senior male athlete. Darr was inducted into Kent State's prestigious Varsity "K" Hall of Fame in 2004.

After college, Darr toured as a professional golfer for one season (1997-98) before serving four years as an assistant golf professional in northeast Ohio at Windmill Lakes Country Club in Ravenna and Lakewood Country Club in Westlake.

Darr and his wife, Tina, also a Kent State graduate, are the parents of 6-year old triplets Allie, Anna and Leo as well as their 4-year old daughter, Lucy.

### ON OHIO STATE'S TRADITION AND ALUMNI:

"I'm excited about embracing the tradition at Ohio State. I want to get all the former players involved. I'd love to have them come back and spend time with our players. The more time you can spend around people who are excellent at what they do, the more it will help you."

### ON COACHING:

"As a coach, I'm a pretty good motivator, good communicator, laid back and like to have a lot of fun, but I'm extremely competitive when it's time to compete. The most important thing you have to do is communicate with your kids. They have to trust you and know you care about them. If they know that you believe in them and care about what is best for them, they are going to play hard for you. Playing hard is all I can ask of them."

### ON THE SCARLET COURSE AND OTHER COLUMBUS AREA COURSES:

"It's a huge advantage to have a great home golf course. We're very fortunate to have Scarlet as our home course, but if you take it a step further than that and think about the golf courses that are near us – you have Scioto right around the corner, Muirfield, the Golf Club, Double Eagle and the list goes on. So we have a huge advantage over a lot of schools because we have access to so many quality golf courses."

### ON SCHEDULING:

"You'll find as I am here over the years you'll see that the way I schedule tournaments is based on the best golf courses we can play against the best competition. That is how you become a great player. If you don't play against good competition on good golf courses and win a bunch of tournaments, you get to the postseason and you're playing against the big boys and haven't seen the types of courses you are playing, it's going to back fire."

# RYAN POTTER

ASSISTANT COACH | FIRST SEASON | FURMAN, '05

Ryan Potter was named assistant coach with the Ohio State men's golf team in August 2010. Potter came to the Buckeyes after two years as an assistant coach at the University of Mississippi and a year as a volunteer coach at the University of Alabama. He is a second generation golf coach as the son of Alabama women's golf coach Mic Potter.

During his first season the Buckeyes, Potter helped guide the team to its best finish at the NCAA Championships in 13 seasons as the Scarlet and Gray finished sixth in stroke play to advance to the match play portion of the 2011 NCAA Championships. Ohio State captured two tournament titles during the regular season (Marshall Invitational, FAU Spring Break Championship) and finished fourth at the NCAA West Regional.

Potter joined Ole Miss in 2008 and helped the Rebels to NCAA Regional appearances both seasons. Among the golfers he coached was 2010 First Team All-American Jonathan Randolph, who also was a First Team All-SEC and two-time PING All-South Region selection.

Prior to his time at Ole Miss, Potter spent the 2007 season as a volunteer coach for the Crimson Tide men's program, which ended the year ranked second in the nation. He assisted in all practices, helped coordinate the Crimson Tide Open fundraising tournament, assisted with the golf camps and helped in preparation for official and unofficial recruiting visits.

From June 2006 until joining Ole Miss, Potter was the assistant director of the First Tee of Tuscaloosa where he organized and set up practices for the youth program. He created and organized lesson plans for the Life Skills sessions of the program and ran practices and tournaments. In addition he put together and managed the Bridge Builders Tournament and the Benefit Tournament, which provides funds for the First Tee Program.

Potter, who interned at the American Junior Golf Association (AJGA), has been a golf camp instructor/counselor since 2005 for various camps, including the Mic Potter Golf Schools in Greenville, S.C., and Tuscaloosa, Ala. He also trained Special Olympians for the 2007 State Special Olympic Games in Alabama.

A four-year letterwinner at Furman University, Potter graduated with a degree in history and received his masters in sports management from Alabama in May 2008.

The Buckeyes took seventh at the Olympia Fields/Fighting Illini Invitational (Sept. 17-19) before grabbing runner-up honors at the Windon Memorial (Sept. 26-27). Hoag had an impressive performance in the tournament as he fired a season-low, 18-hole score of 64 in the final round to finish second with a 4-under 209. The Buckeyes concluded the fall with a pair of eighth-place finishes at the Jack Nicklaus Invitational (Oct. 11-12) and the Isleworth Collegiate Invitational (Oct. 24-26).

The spring portion of the schedule got off on the right foot as Ohio State finished third at the Big Ten Match Play Championship (Feb. 11-12). Following a tough Puerto Rico Classic (Feb. 20-22), the Buckeyes bounced back to capture their second tournament title of the season, winning the FAU Spring Break Championship (March 25-27). Highlighting the tournament win was the play of Smith, who earned his first-career tournament win with an 8-under 208. After playing only two rounds at the rain-soaked Illini Spring Classic (April 16-17), Ohio State hosted its annual Robert Kepler Intercollegiate and finished third overall (April 23-24).

The Buckeyes headed to the Big Ten Championships April 29-May 1 and came away with a fourth-place finish in West Lafayette, Ind. The squad was then sent to the NCAA West Regional tournament in San Diego to compete for a spot at the NCAA Championships. After a rough first round, Ohio State fired a 9-under on day two and finished the tournament in fourth to advance. Cress put together the best performance of his career as he finished tied for fourth with a 5-under 211. The Buckeyes kept the momentum going into the NCAA Championships and carded a sixth-place finish after stroke play to move on to the match play portion. There, the Scarlet and Gray fell in the opening round to host Oklahoma State by a score of 1-3-1.

At the conclusion of the season, Hoag and Smith were named to the PING All-Midwest Region team for their efforts during the year. Hoag garnered All-Big Ten first team honors, while Smith was placed on the second team.

Ohio State has hosted the Robert Kepler Intercollegiate every year but one since the 1969 season. The Buckeyes will welcome teams for the 41st-annual Kepler Intercollegiate in April 2010 on the challenging par 71, 7,455-yard Scarlet Course at The OSU Golf Club, voted the top collegiate golf course in November 2009 by GolfChannel.com.

In 2007, the Kepler Intercollegiate returned to the Scarlet Course after breaking from it the year before while the course was being redesigned under the tutelage of golf legend Jack Nicklaus. The Scarlet Course has been the host course for the event 37 times in 40 years.

The tournament is named for the late Robert Kepler, who served as Ohio State's golf coach from 1938 until 1965.

Under Kepler, Ohio State built a golfing tradition which was enhanced by an NCAA team championship in 1945 and four NCAA individual championships. One of the later winners was Jack Nicklaus, now universally recognized as the greatest golfer the game has ever known.

Since its inception, the Kepler has been won by only 11 schools – Ohio State, Colorado, Indiana, Louisville, Northwestern, Kent State, Miami (Ohio), UNLV, Xavier, Eastern Michigan and Illinois.

The Buckeyes have hoisted the tournament champion trophy 23 times in the 42-year history of The Kepler Intercollegiate, including six-consecutive victories from 1974-79 and nine-consecutive from 1981-1989. Fellow Big Ten schools Northwestern and Indiana are tied for second-place in wins with four team victories each, while in-state rival Kent State has four team victories also.

Ohio State has also taken individual medalist honors 20 times, with Brad Wright claiming the top prize in 2009.

# DEPARTMENT OF ATHLETICS

The varsity program is respected as one of the most comprehensive in all of college athletics and is 36 sports strong – 16 for men, 17 for women and three coed. The department operates on a budget in excess of \$100 million. Each year, Ohio State teams claim numerous Big Ten championships, compete in NCAA tournaments and vie for national titles while producing countless individual conference and national champions, All-America performers and scholar-athletes.

Ohio State's Department of Athletics is under the direction of Eugene Smith. Just the eighth athletics director in Ohio State history, Smith has developed a vision that will keep the Buckeyes among the nation's elite in the 21st century.

Ohio State is recognized across the country as a leader in collegiate athletics. More than 1,000 student-athletes participated in 2009-10.

With rich tradition as a foundation and with state-of-the-art facilities, such as Bill Davis Stadium, Value City Arena at the Jerome Schottenstein Center, Jesse Owens Memorial Stadium, the Younkin Success Center and Ohio Stadium, the Buckeyes' outlook for the future appears even brighter than their glorious past.

## WHAT IS A BUCKEYE?

A small, shiny, dark brown nut with a light tan patch that comes from the official state tree of Ohio, the buckeye tree. According to folklore, the Buckeye resembles the eye of a deer and carrying one brings good luck. "Buckeyes" has been the official Ohio State nickname since 1950, but it had been in common use for many years before.

The first recorded use of the term Buckeye to refer to a resident of the area was in 1788, some 15 years before Ohio became a state. Col. Ebenezer Sproat, a 6-foot-4-inch man of large girth and swashbuckling mannerisms, led the legal delegation at the first court session of the Northwest Territory in Marietta. The Indians in attendance greeted him with shouts of "Hetuck, Hetuck" (the Indian word for buckeye), it is said because they were impressed by his stature and manner. He proudly carried the Buckeye nickname for the rest of his life and it gradually spread to his companions and other local settlers. By the 1830s, writers were commonly referring to locals as "Buckeyes."

# OHIO STATE TRADITIONS

## BUCKEYE LEAVES

A round white decal, about the size of a quarter, with a green depiction of a buckeye leaf is applied to Ohio State football helmets for big plays and consistency on the field. This tradition started in 1968 when football coach Woody Hayes and longtime trainer Ernie Biggs changed the look of the Ohio State uniforms. Many of the sports at Ohio State incorporate Buckeye Leaves into their equipment and uniforms.

## SCRIPT OHIO

The signature formation of the Ohio State University Marching Band performed before, during halftime or after home football games is Script Ohio.

Each time the formation drill is performed, a different fourth- or fifth-year sousaphone player has the privilege of standing as the dot in the "i" of "Ohio."

At exactly 16 measures from the end of "Le Regiment," the drum major struts out toward the top of the "i," with a senior sousaphone player high-stepping a couple of paces behind. As the crowd's cheering crescendos, the drum major stops and dramatically points to the spot where the sousaphone player then assumes the post of honor, doffs his or her hat and bows deeply to both sides of the stadium.

Woody Hayes, Bob Hope and Jack Nicklaus are among the select few non-band members who have had the honor of dotting the "i."

First performed at the OSU-Pittsburgh football game Oct. 10, 1936, Script Ohio was named one of Athlon Sports' 10 Greatest Football Traditions in 1999.

## BRUTUS BUCKEYE

One of the more visible symbols of Ohio State athletics is Brutus Buckeye, the school's mascot. In 1965, an art student designed and introduced the first Brutus, while the name was chosen in a contest. The mascot began as a hardened paper mache affair that looked like a bowling ball with legs. In 1975, a radical new Brutus was designed with a prune-like head and a man's body. That attempt was booed off the field and was re-worked, giving way to a mascot comparable to the beloved present-day Brutus.

The original choices for Ohio State's mascot included a ram, an elk, a moose and the leading candidate, a male deer. Due to the skittish nature of deer, the idea of a mascot was tabled until January 1941 when "Chris," a German police dog owned by an assistant cheerleader, made an appearance at a basketball game. The dog's career was short-lived and OSU remained without an

## SCHOOL SONGS

Ohio State proudly boasts an alma mater (Carmen Ohio), two fight songs (Across the Field and Buckeye Battle Cry) and a state rock song (Hang on Sloopy).

## BUCKEYE BATTLE CRY

In old Ohio there's a team  
that's known thru-out the land;  
Eleven warriors, brave and bold,  
whose fame will ever stand.  
And when the ball goes over,  
our cheers will reach the sky,  
Ohio field will hear again  
The Buckeye Battle Cry –

Drive! Drive on down the field,  
Men of the scarlet and gray;  
Don't let them thru that line,  
We have to win this game today,  
Come on, Ohio!  
Smash through to victory.  
We cheer you as you go:  
Our honor defend  
We will fight to the end for O-hi-o.

## ACROSS THE FIELD

Fight the team across the field,  
show them Ohio's here  
Set the earth reverberating  
with a mighty cheer Rah! Rah! Rah!  
Hit them hard and see how they fall;  
Never let that team get the ball,  
Hail! Hail! the gang's all here,  
So let's win that old conference now.

### SCARLET AND GRAY

Ohio State's official school colors since 1878, scarlet and gray were chosen by a group of three students in a lecture room in University Hall because "it was a pleasing combination ... and had not been adopted by any other college," noted selection committee member Alice Townshend Wing.

### TBDBITL

"The Best Damn Band in the Land" is the 225-member, all-brass Ohio State University Marching Band that formed in 1879 as a military band. Also known as "The Pride of the Buckeyes," the band perhaps is best known for the incomparable Script Ohio. Another band tradition of note is the "skull session," a warmup concert/pep rally in St. John Arena, open to the public before every home football game that allows the band to play and "think through" the show one last time. More than 10,000 fans regularly attend each skull session.

### CHEERLEADERS

Buckeye cheerleaders are a constant source of support at all athletics events. The squad took second at the 2001 College Cheerleading National Championship, its highest finish since winning the 1993 title, and has placed first in the northeast region in 19 of the last 21 years. The squad was 15th at the 2008 national championships. The cheerleaders make

## CARMEN OHIO

While our hearts rebounding thrill, With joy which death alone can still.  
Summer's heat or Winter's cold. The seasons pass, the years will roll;  
Time and change will surely show, How firm thy friendship O-HI-O.

# ASSOCIATE VICE PRESIDENT/DIRECTOR OF ATHLETICS GENE SMITH

Gene Smith is in his fifth year as director of athletics at The Ohio State University. He was named to his current position on March 5, 2005. On March 17, 2008, Gordon Gee, president of The Ohio State University, promoted Smith to university assistant vice president/director of athletics and he has since been named associate vice president/director of athletics.

Smith is the eighth person to hold the athletics director position at Ohio State and the first African-American to do so. He previously served as director of athletics at Arizona State, Iowa State, and Eastern Michigan Universities, and is entering his 24th year in the role.

At Ohio State, the 53-year old Smith oversees one of the nation's largest and most successful college athletic programs. The Buckeyes have 36 fully-funded varsity sports and more than 1,000 student-athletes. The department of athletics is completely self supporting and receives no university funds, tax dollars or student fees. In fiscal year 2008-09, the department transferred nearly \$26 million in assessments to the university, including more than \$13 million in grant-in-aid reimbursement. In Smith's first three years at Ohio State, the department of athletics finished in the black financially and increased its reserve fund.

Upon arriving at Ohio State, Smith quickly established himself as a respected and thoughtful leader, both within the university and the community. In the spring of 2007, he unveiled a five-year strategic plan, reflecting the department's goals and values. The strategic planning process, inclusive of the entire department, emphasized the development of the total student-athlete.

Under Smith's leadership, The Ohio State Department of Athletics was honored in the spring of 2008 with the Diversity in Athletics Award in the category of Overall Excellence in Diversity. Smith accepted the honor at the 43rd annual National Association of College Directors of Athletics Convention in Dallas.

Shortly after Ohio State was honored as a department for its dedication to diversity, Smith was individually recognized for his contribution to the sport of football.

The National Football Foundation & College Hall of Fame, announced in June of 2008 the recipients of the NFF's 2008 Major Awards. Smith was honored officially Dec. 9, 2008 in New York with the John L. Toner Award. Presented annually, the Toner Award is given to a director of athletics who has demonstrated superior administrative abilities and shown outstanding dedication to college athletics and particularly college football.

Smith was recently appointed to the Governing Board of Trustees of the Lincoln Theatre Association. He was named to the position by the Franklin County (Ohio) Board of Commissioners. It is a three-year appointment effective March 10, 2009.

Nationally, Smith is involved with USA Basketball as a member of the Finance & Audit Committee. That appointment was made March 25, 2009. The Finance & Audit Committee is responsible for making recommendations to the Board regarding the organization's financial investments, reviewing independent auditors for USA Basketball and, if necessary, oversight, implementation and compliance with the USA Basketball Code of Ethics.

Smith has an exemplary record of national leadership and service. In 2007, he served as president of the Division 1-A Athletic Directors Association. He is entering his third year on the prestigious NCAA Men's Basketball Committee and was appointed chair of the committee for the 2010-11 academic year, with his term as chair beginning Sept. 1, 2010. Smith was recently named to the newly created Basketball Academic Enhancement Group, a 27-member panel charged with developing strategies to enhance academic performance and graduation rates in Division I men's basketball.

Smith is past president of the National Association of Collegiate Directors of Athletics (NACDA) and was that organization's first African-American president. He also has served on the NCAA Management Council, the NCAA Committee on Infractions, the NCAA Executive Committee, the NCAA Football Rules Committee, the President's Commission Liaison Committee, the NCAA Baseball Academic Enhancement Task Force, and the National Football Foundation Honors Court, among others.

In recognition of his service, Smith was named by Black Enterprise Magazine as one of the "50 Most Powerful African American in College Sports." In 2007, he was named to NACDA's inaugural "Legends Class," and was also named Athletic Administrator of the Year by the Black Coaches Association (BCA). In 2002-03, he received NACDA's AD of the Year honors for the Division 1-A West Region.

Smith grew up in Cleveland, Ohio, and attended the University of Notre Dame on a football scholarship. He played four years of football as a defensive end for the Irish and was a member of the 1973 Associated Press national championship team. Smith received his bachelor's degree in business administration from Notre Dame in 1977. Following graduation, he joined the Notre Dame coaching staff under Dan Devine and remained in that capacity until 1981. The 1977 Notre Dame team captured the undisputed national championship.

Smith left Notre Dame following the 1981 season to accept a marketing position with IBM. He returned to college athletics in April of 1983 as assistant athletics director at Eastern Michigan University. In 1985, he was appointed as interim director of athletics at Eastern, a position he held until 1986 when he became the director on a full-time basis.

In 1993, Smith was named director of athletics at Iowa State University. He moved to Arizona State as director of athletics in 2000.

As a former college athlete and coach, Smith is passionate about the well being of student-athletes. "We want to create an environment for our student-athletes to be successful academically, athletically and socially," he says. "The student-athlete experience provides teachable moments that prepare young women and men for success in life."

Smith is active in the Columbus community and is a member of the board of the YMCA of Central Ohio. He also is active with the Bell Center for African American males on Ohio State's campus.

Gene and his wife, Sheila, have four children: Matt, Nicole, Lindsey and Summer, and two grandchildren: Marshall and Steele. Sheila, a 1976 Canadian Olympian in basketball, holds a doctorate in higher education administration and is an associate vice president for development at Ohio State.

# BIG LIFE. BIG STAGE. BIG TEN.

## JAMES E. DELANY

### Big Ten Conference Commissioner

Only the Big Ten's fifth commissioner since its founding in 1896, James E. Delany enters his 21st year in that role. He has led the Big Ten through significant periods of change and growth that have helped the conference maintain its preeminent position as one of the nation's leaders in providing quality athletic and academic experiences for young people.

## STUDENT-ATHLETE OPPORTUNITIES

- Big Ten universities provide approximately \$100 million in direct financial aid to more than 8,500 men and women student-athletes who compete for 25 championships, 12 for men and 13 for women.
- Conference institutions sponsor broad-based athletic programs with more than 270 teams. Other than the Ivy League, the Big Ten has the most broad-based athletic programs in the United States.

## TOP ACADEMIC INSTITUTIONS

- Big Ten universities are members of the nation's only conference whose constituency is entirely composed of institutions that are members of the AAU, a prestigious association of major academic and research institutions in the United States and Canada.

## MORE TELEVISION EXPOSURE

- The Big Ten's media agreements with CBS Sports, ABC/ESPN, the Big Ten Network and CBS College Sports Network provide the conference with its greatest television exposure ever.
- In 2006, the Big Ten created the first national conference-owned television network devoted to the athletic and academic programs of a single conference. The Big Ten Network launched on Aug. 30, 2007, and became the first new network in cable or satellite television history to reach 30 million homes in its first 30 days. The Big Ten Network is now available to more than 70 million homes nationally through agreements with more than 250 cable/satellite affiliates and appears in 23 of the top 25 national media markets.
- Since the current media agreements began in 2007-08, every home football and men's basketball game has been produced while women's basketball has received more coverage than any other conference.
- The Big Ten's new media agreements have resulted in the broadcast of more than 500 events nationally and regionally on an annual basis, compared to 300 events in the final year of the previous agreements.

## NATION'S BEST FANS

- Big Ten fans are some of the nation's most supportive, with more than 8.7 million patrons attending conference home contests during the 2008-09 seasons for football, men's and women's basketball and volleyball alone.
- Over the last 31 seasons, the conference has ranked either No. 1 or No. 2 nationally in football, men's basketball and wrestling attendance. For the past 17 seasons, women's basketball has been ranked either No. 1 or No. 2 nationally in attendance.
- Big Ten institutions have more than 4.2 million living alumni and over 300,000 undergraduate students attending their universities.

The Big Ten Conference is a union of 11 world-class academic institutions who share a common mission of research, graduate, professional and undergraduate teaching and public service. The conference's 100-plus years of history, strong tradition of competitive intercollegiate athletic programs, vast and passionate alumni base, and consistent leadership in innovations position the Big Ten and its entire community firmly on the Big Stage.

The Big Ten has sustained a comprehensive set of shared practices and policies that enforce the priority of academics and emphasize the values of integrity, fairness and competitiveness in all aspects of its student-athletes' lives, with the ultimate goal of ensuring that each individual has the opportunity to live a Big Life.

## SUCCESSFUL PROGRAMS

- During the 2008-09 season, the Big Ten claimed five team national championships, including titles for Iowa wrestling, Penn State fencing and women's volleyball, Northwestern lacrosse and Wisconsin women's ice hockey. In addition, Big Ten teams finished as the national runners-up in men's basketball and men's gymnastics.
- Big Ten teams have claimed at least three national titles in nine of the last 10 seasons (1999-2000 through 2008-09). Over the last decade, the Big Ten has produced team national crowns in the sports of basketball, cross country, fencing, field hockey, football, golf, gymnastics, ice hockey, lacrosse, soccer, softball, synchronized swimming, tennis, track and field, volleyball and wrestling.

## LEADERSHIP IN GENDER EQUITY

- Since 1992, the Big Ten has shown a strong commitment to increasing opportunities for women in sports and exposure of women's athletics by establishing a multi-phased gender equity program. In that time, the Big Ten has created in excess of 2,000 new opportunities for women student-athletes and established 28 new women's teams, while expanding the number of women's championships to 13 by adding field hockey, soccer and rowing.
- As part of the gender equity action plan, the Big Ten was the first conference to voluntarily adopt male/female participation goals for student-athletes in 1992. The Big Ten initiated a five-year plan for conference members to commit to a 60 percent/40 percent male-to-female student-athlete participation ratio. This was achieved as a conference by 1997 and 2000 was the first year that all institutions individually met this goal. As part of its commitment to gender equity, the Council of Presidents/Chancellors annually monitors this policy. During the 2007-08 year, all institutions were in compliance and the conference averaged a 52/48 male-to-female participation ratio.

## BUILDING THE FUTURE

- In 1989, the Big Ten created a community outreach program—SCORE (Success Comes Out of Reading Everyday), which partners the conference with two Chicago elementary schools to improve reading performances. What began with one school, two grade levels and five classrooms has grown in its 20th year to include grades kindergarten through eighth, encompassing all classes and students at Melody School and Louis Armstrong School.
- Following the national tragedy on Sept. 11, 2001, the Big Ten, through its intercollegiate athletic department revenues, pledged a \$1 million scholarship contribution to assist the families of those affected by the terrorist attacks. The conference's donation is called the "Big Ten 9-11 Scholarship Fund", and the \$1 million contribution will be drawn from conference reserves which are generated as a result of football and men's basketball participation in NCAA, bowl and regular-season television opportunities.
- The Big Ten has established numerous community programs surrounding the Big Ten Men's and Women's Basketball Tournaments, including the Wayne Duke Postgraduate Award Scholarship, the Big Ten Career Fair, the Hoops Day 5K and a partnership with the Pink Ribbon Connection, a local breast cancer organization.

Big Ten Network President Mark Silverman (from left), Fox National Cable Sports Networks President Bob Thompson, Chicago Mayor Richard M. Daley, Big Ten Commissioner James E. Delany and Illinois Department of Commerce and Economic Opportunity Director Jack Lavin announce official Big Ten Network headquarters location at the historic Montgomery Ward building in Chicago.

*"Eleven schools, 252 varsity teams, one great network to cover it all. Welcome to the Big Ten Network, your ultimate source for Big Ten sports, featuring the games, passion and tradition of the nation's foremost athletic conference." – Dave Revsine, August 30, 2007*

The Big Ten Network is dedicated to covering the Big Ten Conference and its 11 member institutions. The Big Ten Network provides unprecedented access to an extensive schedule of conference sports events and shows; original programs in academics, the arts and sciences; campus activities; and associated personalities. Sports programming includes live coverage of more events than ever before, along with news, highlights and analysis, all complemented by hours of university-produced campus programming. The Big Ten Network is a joint venture between subsidiaries of the Big Ten Conference and Fox Cable Networks. # NCAA COMPLIANCE REGULATIONS

The Ohio State University Athletics Compliance Office is committed to a comprehensive compliance program that educates everyone about the importance of adhering to NCAA, Big Ten, and institutional rules. We strive to create a “compliance conscience” within the university and throughout the community.

The commitment to compliance ensures institutional control over the department of athletics and furthers the mission of The Ohio State University. The existence of a successful compliance program depends on the willingness of coaches, administrators, staff, student-athletes and boosters to be cognizant of NCAA, Big Ten and institutional rules.

## WHAT IS COMPLIANCE?

At Ohio State, the athletics compliance office works within the department of athletics and the university to ensure Ohio State’s compliance with all applicable rules. In doing so, the compliance office is charged with the following tasks:

- Educating administrators, coaches, staff, prospects, student-athletes and boosters about NCAA, Big Ten and institutional rules;
- Developing monitoring systems to ensure compliance with these rules. These systems are designed to monitor rules pertaining to recruiting, academic eligibility, financial aid, awards, extra benefits, ethical conduct, amateurism, agents, employment, occasional meals and the playing and practice seasons for each sport; and
- Investigating and reporting violations of NCAA, Big Ten and institutional rules to the appropriate governing authority.

## ARE YOU A BOOSTER?

You are a booster if you are or ever have:

- Been a member of a booster organization that supports Ohio State athletics;
- Made any financial contributions to any area of Ohio State;
- Made any annual or lifetime membership commitment to a booster organization;
- Been involved with the recruitment of a prospect;
- Provided benefits to an enrolled student-athlete or their relatives or friends;
- Been involved in promoting Ohio State’s athletic program;
- Provided or helped to arrange employment for student-athletes;
- Participated in a group loosely associated with the athletics department (e.g., “Friends Of” group);
- Been a season ticket holder.

## ONCE A BOOSTER ... ALWAYS A BOOSTER.

According to the NCAA, once an individual has been identified as a booster, he or she retains this identity forever.

If you do not meet the definition of a booster, you can still be classified as a booster if you provide benefits to prospects, student-athletes, their relatives or friends and any of the following statements are true.

- The relationship between the athlete (or parents of the athlete) and the individual providing the benefits developed as a result of the athlete's participation in athletics or their reputation as an athlete;
- The relationship began only after the athlete became a prospect;
- The relationship began only after the athlete had achieved notoriety because of his or her athletic ability or reputation; or
- The pattern of giving increased after the athlete attained notoriety as a skilled athlete.

## WHAT IS AN EXTRA BENEFIT?

A recruiting inducement or extra benefit is any special arrangement by an Ohio State University employee or booster to provide a prospect, a student-athlete or their relatives or friends a benefit not expressly authorized by the NCAA. Examples of impermissible extra benefits include but are not limited to:

- cash or any type of gifts;
- loans or cosigning of loans;
- vehicle or the use of a vehicle;
- payment for or arrangement of transportation costs;
- free or reduced cost goods or services;
- free or reduced cost housing;
- concert or sporting event tickets; or
- any item not expressly permitted under NCAA rules

## WHAT ARE THE CONSEQUENCES?

Ohio State is responsible for the actions of its boosters. If a booster provides an impermissible benefit to a prospect, a student-athlete, or their relatives or friends, Ohio State may be subject to penalties, even if the student-athlete has completed his or her eligibility. The prospect or student-athlete who accepts an impermissible benefit jeopardizes his or her eligibility for intercollegiate competition. A booster who provides an impermissible benefit may be disassociated from the university's athletics program. Disassociation results in a loss of all benefits or privileges offered by the department of athletics and may involve other penalties as appropriate.

## GOT QUESTIONS? ASK COMPLIANCE.

The provided information is a brief overview of compliance and rules pertaining to boosters and their interactions with prospective and current student-athletes. It is not an exhaustive discussion. If you have any questions about any NCAA, Big Ten or institutional rules, please contact the Athletic Compliance Office at (614) 292-2681 or via email at [compliance@buckeyes.ath.ohio-state.edu](mailto:compliance@buckeyes.ath.ohio-state.edu).
